PROJECTS

FashionCore - Ecommerce Website

Developed a full-stack eCommerce web application using the MERN stack (MongoDB, Express.js, React.js, Node.js).

Designed a responsive user interface for seamless shopping across devices. Integrated a product management dashboard for admins to handle inventory and orders.

Tomato - Food Delivery

The platform allows users to browse menus, place orders, and make secure payments. Integrated real-time order tracking and a user-friendly interface for seamless navigation. Implemented secure payment options and a robust order management system.
